

A "LIVE ONE."

MISSING MAN IS DISCOVERED.

ANGELENO SALESMAN LOCATED IN OHIO TOWN.

Writes to Wife of Assault in Cincinnati and Fails to Send Further Word—She is Now Rushing East, Expecting to Find Him in a Morgue. Assaults Escape.

(BY DIRECT WIRE TO THE TIMES.) CINCINNATI, Sept. 12.—[Exclusive Dispatch.] Victor Theis, a Los Angeles traveling salesman, who has been mysteriously missing since the day after he was assaulted by two unknown men in front of the Palace Hotel, has been located.

Theis is alive and well at the home of his sister, Mrs. Nellie Gilfillan, on Eighth street, Hamilton, O. He communicated with relatives in Cincinnati today.

When his wife arrives here from Los Angeles, she will not find him in a morgue, where her numerous telegrams to the police department and the Palace Hotel would indicate she expected to find him. Mrs. Theis is said to be on her way to this city to search for him.

For several years past he has been a traveling salesman and about three years ago located in Los Angeles. The night following his arrival in this city he was attacked, knocked down and beaten.

The assailants escaped. Theis said that he did not know the men who attacked him and supposed that they had mistaken him for another party. He had written his wife of the assault and failed to write again. That caused all the trouble.

G.A.R. VETERANS ADJOURN.

Saratoga Encampment Concludes With Installation of Officers and Adoption of Resolutions.

(BY THE ASSOCIATED PRESS—P.M.) SARATOGA (N. Y.), Sept. 12.—Veterans of the Grand Army of the Republic who have been attending the forty-first annual encampment of the organization, concluded their encampment today and adjourned.

The installation of officers elected yesterday, and the adoption of several resolutions from the Committee on Resolutions and on Commander-in-Chief Burton's announcements of appointive officers, took up the time of the veterans.

The encampment adopted the report of the Committee on Resolutions. Appointive officers include: J. T. Dow, Kansas City, Mo., Adjutant-General; Charles Burrows, Rutherford, N. J., Quartermaster-General; Col. D. R. Stewitz, Buffalo, Inspector-General; L. L. Collins, Minneapolis, Judge-Advocate; J. Henry Hascall, Philadelphia, Assistant Adjutant-General and Custodian of Records; J. Corie Winan, Toledo, O., Senior Aide de Camp and Chief of Staff.

Retiring Commander Brown was made chairman of the Committee on Pensions.

WRIT OF ERROR SERVED.

War Department Advised as to Status of Case Involving Right of Jury Trial in Canal Zone.

(BY THE ASSOCIATED PRESS—P.M.) WASHINGTON, Sept. 12.—The War Department was advised today that the writ of error granted by Chief Justice Fuller in the case of Adolphus Coulson, the negro sentenced to death for poisoning his wife in the canal zone, was served on the Isthmian authorities on September 4.

The case involves the right of trial by jury in the canal zone. Coulson was to have been hanged today.

HIGH TREASON CHARGED.

Fourteen Persons Are Arrested in Prussian Town for Betrayal of Military Secrets.

(BY THE ASSOCIATED PRESS—P.M.) COBLENZ (Prussia), Sept. 12.—Further arrests have been made in connection with the recent extensive betrayal of military secrets.

There are now fourteen persons in custody, of whom twelve, including civilians, one of whom it is said belongs to the nobility, will be charged with high treason.

In the meantime all the prisoners are kept in the closest confinement. The two who will not be arraigned on the charge of high treason will appear as witnesses for the state.

MOTHER GETS CHILDREN.

Court Holds They Cannot Be Held as Collateral by Orphan Asylum.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Sept. 12.—[Exclusive Dispatch.] That children cannot be held by institutions as collateral security for the amount due for their support and maintenance was upheld by Justice Guy in the Supreme Court today.

The announcement was made during the hearing of an application to sustain a writ of habeas corpus sued out by Attorney Nugent on behalf of Mrs. Mary Patrick, of No. 511, East Seventy-third street, for possession of her two sons, William and Rudolph, now in St. Joseph's Roman Catholic Orphan Asylum.

Lawyer Nugent said Mrs. Patrick had been deserted by her husband two years ago and, being absolutely destitute, was compelled to have her children admitted to the institution. She had since slaved day and night to make a home for the children and had succeeded in doing so, but the institution refused to give them up unless paid a claim of \$250 for their support. The court directed the children to be handed over to their mother.

AMERICAN GIRL'S LONDON LAURELS.

Miss Kelsey.

Corinne Rider Kelsey illustrates anew the unappreciativeness of a native public. Known only as concert singer in this country, she is to sing in London in grand opera next year. Not long ago, she was singing at a private entertainment in London when one of the audience told her she must sing for the manager of Covent Garden. Never having sung in opera, Miss Kelsey had to sing to the opera manager as a sign of an oratorio. She got an immediate engagement at 40 pounds a night with a guarantee of fourteen appearances. This is very good for Covent Garden, even for an experienced singer. When Beatie Abbott came to the Metropolitan Opera house she got only \$100 a week and she brought experience and a reputation from Paris.

LUBITANA WINS.

NEW GIANT TURBINE BEATS WORLD RECORD.

Magnificent Cunard Steamship Makes Run from Queenstown Six Hours Ahead of Best Time, Though Average Hour Speed Is Lower.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Sept. 12.—[Exclusive Dispatch.] A new steamship record between a European port and New York was made by the Cunard line's new giant turbine ship, the Lusitania, which arrived here today.

The Lusitania left Queenstown, the nearest trans-Atlantic port to New York, at 12:10 o'clock p.m. Sunday. The log of the Lusitania gives her time of passage as five days and fifty-four minutes, and her time of arrival off the Sandy Hook lightship at 3:05 o'clock a.m.

Her average speed, according to the log, was 22:01 knots per hour, and the days' run were 556, 575, 570, 593 and 483 miles to the lightship, a total distance of 2785 miles.

The Lusitania's time, according to the log, is six hours and twenty-nine minutes better than the previous Queenstown-New York record of five days and seven hours and twenty-three minutes, held by the Lusitania of the same line.

While the Lusitania has made a new record for the time a passenger is actually on board ship, she has not beaten the average speed per hour record. The Kaiser Wilhelm II has made an average of 23.55 knots per hour from New York to Plymouth, and the Deutschland has a record of 23.51 knots per hour average to Plymouth.

WILL YET BE EMPRESS. Capt. E. Watt said that when the time comes for record-making, after her machinery is in thorough order, the Lusitania will be, in fact, the Empress of the Seas.

The new ship was decked with flags and hunting when she made her appearance off Sandy Hook this morning, her four big red funnels lending color to the picture, which was marred only by the prevailing haze.

A good sight of the beautiful vessel was had from shore for only a short while. Her passengers lined the railings and crowded the different decks, waving handkerchiefs and American and British flags.

Marine observatory stations on shore dipped their flags in salute. Other vessels in the over bay blew their whistles in greeting, and the Lusitania's blue ensign was constantly lowered and raised again in acknowledgment of the reception given her.

FIRST UP NEW CHANNEL. She steamed slowly up the bay for the new Ambrose Channel, dug especially for vessels of great draft, and which she was the first to use in entering the port of New York.

When the giant Cunard swept up the bay, she was given a clamorous greeting by an immense fleet of steamcraft, which had congregated off the quarantine station to await her arrival.

Nearly every class of yachts, towboats and other steamers were crowded with passengers well supplied with horns and other noise-making devices, and at times even he shrieking steam whistles were almost drowned out by the toots and cheers.

The Lusitania presented a magnificent picture as she slowly drew up at quarantine, her keen, high bow, beautifully symmetrical lines and finely modeled stern marked her a true "greyhound."

RACERS OF THE PAST. Sixty-one years ago the first steamship, Europa, a Cunard liner, with her old-fashioned engines, crossed the Atlantic from Liverpool to New York in eleven days and thirteen hours.

This broke the record of fourteen and one-half days, made by the steamer

PITH OF NEWS FROM THE MIDDLE WEST.

TOO DEEP FOR JUDGE.

CHICAGO, Sept. 12.—[Exclusive Dispatch.] Two mothers, one father and a husband, who has lost his wife, claimed Tillie Tolon, 30 years old, today, in the Maxwell-street police station. It was she who had John Klimovics arrested as a "mascher," and then found him persistent in a declaration that she is his wife who deserted him a year ago. Judge Cleland heard the evidence and threw up his hands. "The case is too deep for me," he declared, and ordered the charge against Klimovics to be dropped.

While the Lusitania was holding the Queenstown record, the North German Lloyd and American lines began to battle for the western record from Southampton to New York, which was held for three years, between 1893 and 1894, by the steamships Paris, New York and St. Paul of the American line.

The St. Paul, in 1896, made the voyage from Southampton to New York, which was held for three years, between 1893 and 1894, by the steamships Paris, New York and St. Paul of the American line.

as the wayward wife. At the same time Miss Tolon, her mother and father, so alleged, and the pastor of the church where she attends services, denied the identification.

SEEKS FINANCIAL BALM. CHICAGO, Sept. 12.—[Exclusive Dispatch.] Divorced by his wife on a charge of cruelty, a few months ago, Richard O'Krugger, Jr., western representative of Rogers & Platt, No. 147 Kinzie street, has now been made the defendant in a suit for \$50,000 damages begun by George H. Gorman, president of the Gorman Fashion Company, who declares Kruger alienated the affections of his wife, Mrs. Jeanette Gorman. Gorman was also divorced by his wife on a cruelty charge, on December 15 last, and says his former wife and Kruger are now living together at No. 36 St. James place.

GUARDIAN FOR BRIDEGRROOM. BLOOMINGTON (Ill.) Sept. 12.—[Exclusive Dispatch.] It was necessary for Ferdinand Krouldis to have his prospective mother-in-law appointed his guardian before he could procure a license to wed Harriet Wheeler. Krouldis is 28 and Miss Wheeler is 17. His parents reside in the East, and when he applied for a license in the Peoria County Clerk's office he was told that he must have their consent or that of a guardian.

FIRED AT AUTO. OWENSBORO (Ky.) Sept. 12.—[Exclusive Dispatch.] Joe Ruxer, a farmer, has been indicted on the charge of having fired a pistol at an auto containing Mrs. Backman, wife of the Governor and a party of friends. The farmers in this locality are foes of the auto.

PHYSICIANS INDICTED. DUBUQUE (Iowa) Sept. 12.—[Exclusive Dispatch.] Indictments were returned by the grand jury of Bremer county today against fourteen physicians for violation of the State law against combines, arising from an increase of fees by the medical society.

TRANSCONTINENTAL.

HARRIMAN PLANS NEW DOUBLE TRACK LINE.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Sept. 12.—[Exclusive Dispatch.] As a result of his trip through the West and owing to his unbounded faith in the continued prosperity of the country, E. H. Harriman has approved plans for spending between \$75,000,000 and \$100,000,000 to complete a double-track transcontinental railway system in the country.

His plan contemplates the construction of low grade double track railway from Chicago to the Pacific Coast, and its operation over mountain regions by electricity, generated by water power from the Rockies and the Sierras. The completion of this enterprise practically will have the effect of adding three single-track roads, so far as capacity to handle tonnage is concerned, to the transcontinental system.

Among the preliminary steps which have been taken is the employment of Frank J. Sprague, of New York, to be consulting engineer for the Harriman lines. He has been made a member of the Harriman system's board to carry out the plans. Other members of the board are: A. N. Hancock, electrical engineer; William Hood, chief engineer; E. B. Calver, general manager; Union Pacific; J. D. Isaacs, consulting engineer; and Julius Kruttschnitt, director of maintenance and operation.

Lawlor thought his calendar would be free by September 30 and that date was freed upon. Atty. Delmas asked that the court order a correction of the minutes between July 1 to the present date to show that the continuances were not granted by consent, but at the request of the prosecution. Judge Lawlor promised to look into the matter.

In Judge Dunne's court, the case of Theodore V. Halsey was called this morning. Dr. Shumate stated that Halsey would be on his feet in about three weeks.

FOR CAPITAL AND LABOR. RAILROAD RECORD. PROFITS ARE VERY HEAVY.

Secretary Strauss Announces That He Will Establish National Employment Agency. (BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Sept. 13.—[Exclusive Dispatch.] Secretary Strauss of the Department of Commerce and Labor announced today that he proposed establishing a national employment agency with T. V. Powderly, head of the department's information bureau, in charge.

"It is where capital and labor may join hands to their mutual benefit," explained the Secretary. "We will tell just what labor is needed, what classes are in demand and what wages are offered. We will also inform the people where labor is to be obtained, the class and the price. The stamp of government on this information would make it of inestimable value."

COLOR LINE DRAWN. DOCK STRIKE SUDDENLY ENDS.

IMPORTATION OF NEGROES CAUSES COMPLICATIONS. Checking Clerks on Southern Pacific Docks at Galveston Quit Work Because of Presence of Colored Laborers as Strike-breakers, and Company Officials Then Give Up.

(BY DIRECT WIRE TO THE TIMES.) DALLAS (Tex.) Sept. 13.—[Exclusive Dispatch.] The strike of the one thousand Southern Pacific dock workers at Galveston ended suddenly at 1 o'clock this afternoon.

The officials conceded the demands of the men after failure to procure strike-breakers, with which work on account of the presence of colored laborers was impossible. The men went to work on the Southern Pacific docks this morning. They arrived on a special train at 5 o'clock a.m. from Beaumont with a party of thirty-five. The others refused to work as strike-breakers, asserting that they had been told at Beaumont they would be taken to New Orleans but were kept on the train under the guard of sheriffs and rushed to Galveston. Strikers took charge of all but nine and escorted them uptown.

Another serious break occurred at 10 o'clock a.m. when the checking clerks, who were on duty, refused to handle the men who were employed on the docks. This practically tied up everything, as only experienced men can handle that part of the business.

In the meantime three ships arrived in port, loaded with big cargoes of fast freight for San Francisco and other points. Several carloads of lemons are rotting in ships, and other goods cannot be reached. The situation caused the contracting officials to yield.

FROM KEYS TO FIELDS. Many Striking Telegraphers in Chicago Going West to Work as Farm Hands.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Sept. 13.—[Exclusive Dispatch.] Two hundred striking telegraphers are arranging to leave tomorrow for farm lands in Iowa, the Dakotas, Minnesota and Kansas.

The striking keymen have accepted the invitation of W. C. Crawford, State organizer of the Farmers' Union, to accept work in the wheat fields.

"The fact that strikers are willing to become farmers in preference to returning to work under the present conditions proves that they are still in earnest," said General Secretary Russell. "The men are determined to win, and in order to live in the meantime are going out to Iowa and Nebraska. It is probable that 200 telegraphers will leave."

NEW ORLEANS STRIKE-TIED. Unions Refuse to Meet Commercial Exchanges and Negotiations Are Practically Off.

(BY DIRECT WIRE TO THE TIMES.) NEW ORLEANS, Sept. 13.—[Exclusive Dispatch.] The port of New Orleans is effectively tied up tonight by the strike of the longshoremen. The unions flatly refused to meet the commercial exchanges.

As a result, an investigation of cotton handling in other Gulf ports will be made, and there is every probability that the entire system in vogue will be abandoned, as so to pay the laborers so much per bale instead of by the hour.

The commercial exchanges and the shipowners' purpose standing together, as they claim the future of the port depends upon victory.

LOCKOUT IS PLANNED. Manufacturers of Furs in New York Promptly Reply to Demands of Employees.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Sept. 13.—[Exclusive Dispatch.] A consequence of strikes in several shops, sixty or more of the leading manufacturers of furs in New York have decided, it is said, to lock out their employees. The lockout will affect about 8000 men.

This is the first labor trouble in the history of the fur trade in this city. Within the last year the operators have been organized and have demanded that the delegates in each shop be empowered to control the workmen, to the extent even of preventing their discharge.

The demand was rejected, and several strikes were declared.

FIGHTS CALLED OFF. San Francisco's New Police Committee Sits on the Prize Ring Lid.

(BY THE ASSOCIATED PRESS-P.M.) SAN FRANCISCO, Sept. 13.—The four-round bouts scheduled for tonight at the Bay City Athletic Club were not permitted to be carried out by the police, acting under instructions from the police committee of the Supervisors.

The club had secured a license from the former Board of Supervisors, but it was revoked yesterday.

The club tried to secure an injunction, but it failed.

MEETS INSTANT DEATH. SAN FRANCISCO, Sept. 13.—Charles Prope, a member of the firm of Borgfeldt, Prope & Co., No. 106 East Street, while driving in a buggy was struck by a Sutter-street car near Larkin street tonight and instantly killed.

His body was hurled many feet in the air and landed twenty feet from the accident. Robert A. Gilbert, motorman of the car, was arrested. It is said that Prope tried to drive across the track in front of the car.

"CAR CARLEB," will be described in the Western Union as being of reasonable size, a blond man, about 35 years of age, with a mustache, and a few days' growth of beard.

RAILROAD RECORD. PROFITS ARE VERY HEAVY. Railroad Business Far from Being Ruined.

Receipts Last Year Greater Than Ever Before. Casualty List Also Exceeds All Records.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Sept. 13.—[Exclusive Dispatch.] The pessimistic warnings of the big magnates that the anti-competition activity of the Roosevelt administration is ruining the railroad business of the country, are not borne out by a report of earnings for the year ended June 30, made public today, by the Interstate Commerce Commission.

The official figures show that the roads have a phenomenal business, and that their profits last year were greater than ever before in the history of the country.

The same report shows that the casualty list of railroads last year was larger than in any previous year. The victims of railroads for the year aggregated the enormous total of 108,234. Of this number 19,614 were killed outright, and the balance of nearly 100,000 were maimed. Only 859 passengers were killed last year, as against 537 passengers in the previous year. The number of passengers injured was 10,764. One passenger was killed for every 2,571.41 carried, and one injured for every 72.77 carried.

The past twelve months formed a banner year for the roads, so far as earnings go. In that period the gross earnings of various companies from the operation of 222,346 miles of line were \$1,225,765,167, being \$24,382,741 greater than for 1906. Their operating expenses were \$1,034,877,271, or \$14,275,119 more than in 1906.

There was much building activity in railroad circles last year, more than 16,000 miles of track being added to existing lines.

On June 30, the par value of the amount of railroad capital outstanding was \$14,500,000,000.

Pound Paper and Envelopes (10 to 11). 19c. \$20.00 Brussels Rugs. \$14.25. \$5.00 Axminster Rugs. \$3.95.

COOPER MINES STILL RUN. No General Close Down of Amalgamated Properties Will Occur, Says Superintendent.

(BY THE ASSOCIATED PRESS-P.M.) BUTTE (Mont.) Sept. 13.—The mines of the Amalgamated Copper Company in Butte will not be closed because of the glut of copper on the market.

General Superintendent John Gilfillan, in a statement in the Inter Mountain, says that while work will be abandoned on Sundays hereafter, there will be no general closings.

Developments and exploitation will be stopped for the present, however, and production curtailed until it falls to about 8,000,000 pounds per month. It is now about 20,000,000 pounds per month.

TRAIN'S STRANGE EXPERIENCE. Reading, Pa., Express Runs Into Tornado, and Roof of One Car Is Torn Away.

(BY DIRECT WIRE TO THE TIMES.) READING (Pa.) Sept. 13.—[Exclusive Dispatch.] The fast Reading express for Pottsville had a remarkable experience yesterday. When going fifty miles an hour it ran into a tornado, which tore off the roof of one car and caused a panic among the passengers.

When the train struck the whirlwind, the shocks were so perceptible that many thought the emergency brakes had been applied.

Just before the train rushed into the funnel cloud, it became as dark as night and rain fell in torrents. The roof was carried away in the cloud.

PETTIBONE IS SICK. His Prosecution on Charge of Complicity in Steubenberg Murder Is Postponed.

(BY THE ASSOCIATED PRESS-P.M.) BOISE (Idaho) Sept. 13.—George A. Pettibone, charged with complicity in the murder of former Gov. Steubenberg, was taken to the hospital today in a critical condition, and an operation probably will be necessary. There will be no further prosecution of the case at present.

COSTLY FIRE IN IDAHO. BOISE (Ida.) Sept. 13.—A special to the Statesman from Glenn's Ferry, Idaho, says that a fire, which originated at the Overland Hotel, there, destroyed seven business buildings and inflicted a loss of \$51,000. The fire burned all afternoon. Incendiarism is suspected.

TERRITORIES FAST SETTLING. Census Shows Population of Oklahoma and Indian Territory as Million and a Half.

(BY THE ASSOCIATED PRESS-P.M.) WASHINGTON, Sept. 13.—The Census Bureau announced today that the total population of Oklahoma and Indian Territory, as made public tonight, is 1,408,732, with four districts unreported, an increase of 78 per cent. over 1906, and that the aggregate population is larger than any State at the time of admission into the Union. West Virginia was the next largest.

"PURPLE MOTHER" IN SWEDEN. Katherine Tingling of Point Loma Goes to Organize Theosophical School on Island of Visingso.

(BY DIRECT WIRE TO THE TIMES.) STOCKHOLM, Sept. 13.—[Exclusive Dispatch.] Mrs. Catherine Tingling of the Point Loma Theosophical Institution, San Diego, is visiting Sweden for the purpose of organizing a theosophical school on the picturesque island of Visingso, in Lake Wetteren, where ruins of Sweden's medieval convents still remain.

CRIME BRIEFS. For Labor Day Murders. SAN FRANCISCO, Sept. 13.—W. N. Sprague, the young housewife, who witnessed the shooting of John Peterson by non-union carmen on Labor day, is in court today, charged with Fred Duhren and James Watkins with murder.

Standand Parody Denied. JOLIET (Ill.) Sept. 13.—The pardon board today denied the application for pardon made by Paul O. Standand, who will have to serve out his full term of imprisonment for looting the Milwaukee Avenue Savings Bank of Chicago, of which he was president.

CARNEGIE WANTS REDUCTION. Thinks Assessments on Properties Excessive, and Attorney Will Present Complaints.

(BY THE ASSOCIATED PRESS-P.M.) NEW YORK, Sept. 13.—Andrew Carnegie, through his counsel, Robert L. Cutting, has begun proceedings in the Supreme Court for a reduction of assessments on Mr. Carnegie's residence on Fifth avenue, considerable adjoining property and in Carnegie Hall. The assessments are those of 1905.

The Carnegie Hall property, which is on Seventh avenue, between Fifty-sixth and Fifty-seventh streets, has been assessed for 1906 and 1907 at \$1,549,000. Mr. Carnegie thinks that the site is worth about \$600,000, and he believes that the assessments should be little more than that figure, because, were the property to be sold, the building would be more of an encumbrance than an advantage. It will be argued in court by Mr. Cutting that the building should be assessed at a nominal figure, such as \$100,000.

The Carnegie residence property at Fifth avenue and Ninety-first street, which is a very valuable estate, has been assessed for the last three years at \$2,300,000, which, Mr. Carnegie says, is \$400,000 more than its value.

The property of other persons, nearby, by Mr. Carnegie holds, has been assessed for less. Mr. Cutting explains that Mr. Carnegie is not a miser, but is not parsimonious with his money, much of which goes to the benefit of the city, as represented by the people, and that the assessments are imposed upon simply because he is rich.

BANK CLEARINGS. Los Angeles is Among Principal Cities of Country Which Show an Increase.

(BY THE ASSOCIATED PRESS-P.M.) NEW YORK, Sept. 13.—Bradstreet's bank clearings report for the week ending September 13 shows an aggregate of \$1,429,000,000, as against \$1,428,846,000 last week, and \$1,319,899,000 in the corresponding week last year. The following is a list of the principal cities.

	Pct. Increase.
New York	11.574,200,000
Chicago	14,325,000
Philadelphia	12,128,000
Los Angeles	28,100,000
San Francisco	10,000,000
Portland	7,925,000
Oakland	2,188,000

ASYLUM OR PRISON CERTAIN. Fate of Wealthy Lumberman Who Murdered Doctor Narrowed Down to Two Institutions.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Sept. 13.—[Exclusive Dispatch.] Amasa C. Campbell, the wealthy lumberman of Antigo, Wis., for the murder of Dr. Benjamin F. Harris, will be imprisoned in the penitentiary, or placed in an asylum for the insane, according to the prosecutors.

In the insanity defense, advanced by Campbell's lawyers, the case is one of the most remarkable in Cook county's history. No claim has been made of a "brain storm," which prompted the crime and then disappeared. The defense has insisted that Campbell was insane when he shot down the physician, charged with wrecking his home, and that he is insane now.

If the State wins the fight, Campbell will be imprisoned in a State prison with convicts as companions. If the defense wins, he will probably be locked in an insane asylum. The death penalty and freedom, alike, are considered out of the question.

The legal battle has narrowed seemingly to the alternative of the insane asylum or the penitentiary; although the defense later may make efforts to have Campbell cared for outside of asylum walls.

The unusual situation will not end in the appointment of an insanity commission, such as was appointed in the Harry Thaw trial in New York.

ARRESTED FOR BRIBERY. Police Court "Lays" in San Francisco Prison Accused of Trying to Buy Testimony.

(BY THE ASSOCIATED PRESS-P.M.) SAN FRANCISCO, Sept. 13.—J. K. Ross, a Police Court practitioner, was arrested in the corridor at the Hall of Justice today and is charged with the City Prison for attempted bribery.

The arrest followed his alleged attempt to bribe Morris Barron, a barber, who is the complaining witness against William Gannon and John Burton, who are held in detention at the City Prison on a charge of robbery.

BAD GUN MAN KILLED. Wyoming Sheepherders Shot Boy and Terrorize People, but Rancher Slays One, Captures Other.

(BY THE ASSOCIATED PRESS-P.M.) COKEVILLE (Wyo.) Sept. 13.—Joe Bates, a sheep herder, was shot and instantly killed by J. S. Branson, a rancher, living thirty miles north of this place, after he and his brother, Sam, had shot a seventeen-year-old boy, whom they had robbed. The men had terrorized the people along the

THE PERUNA TABLETS. (Special Telegram.) COLUMBUS, Ohio, Sept. 14.—The interesting announcement is made to the drug trade and to the people generally that Dr. Hartman and his assistants, after two years' experimentation, have succeeded in devising a Peruna Tablet. This tablet contains all the curative virtues of the liquid Peruna. Dr. Hartman will still continue to manufacture liquid Peruna as before. The Peruna Tablet is therefore not intended to supplant liquid Peruna, but is to be furnished the drug trade so that those who prefer to take Peruna in tablet form can have the privilege of doing so. The menstruum of the liquid Peruna has been replaced by hypophosphites and pepsin.

The Peruna Tablets will be of special interest to hundreds of thousands of people who have used Peruna for many years. The fact that Peruna can now be used in tablet form will be especially gratifying to people who are subjected to constant exposure and catarrhal ailments, and who find it difficult if not impossible to carry with them the liquid Peruna. The Peruna Tablet is the perfect Peruna in the pocket by people whose business exposes them to climatic changes which will be the means of saving a great many people from catarrhal troubles which are the bane of American civilization.

SPORTING PAGE.

GANS IS ON THE GROUND.

Black Champ Comes to Train for Jimmy Burns.

Goes at Once to Arcadia to Prepare Himself.

Webster and Bubbles Agree to Fight Preliminary.

Joe Gans is "in our midst"—oh! The black wonder arrived yesterday morning from San Francisco, accompanied by his wife and his trainer, Billy Keefe, and one would have imagined he had just been elected to some high office in the gift of the people, for a great crowd of fight bugs met him at the Arcadia depot and walked over each other to get themselves close to the champion. This demonstration had a two-fold meaning, for it was just as much for the besting he gave Jimmy Britt as it was because he is the champion. Gans lost no time in getting out of town for Arcadia, but he will not begin active training until Sunday or Monday. He could not commence yesterday because it was Friday, and the 12th of the month, and this double holiday could stop even a champion. Gans is practically in the best condition now that he has been for years, and naturally does not need to do a great amount of work. He weighs now about 137 pounds stripped, having lost on four or five pounds since last Monday, but this surplus weight can easily be taken off. Young Peter Jackson is in town, but will not be needed in the training camp, because there will be no hard work for Gans to do. "Bubbles" Robinson, the young colored boy, who fought Kid Webster here at the last try-out, will meet with Gans and will go out today to Arcadia.

Keefe has such a strong opinion of Jimmy Burns that he would not let Gans lay off work any longer, and made him come here yesterday. Both Gans and Keefe declared that they can give Honey Melody the fight of his life, as Jimmy did in Chicago in May, 1934, has a well chance to beat any fighter in the country at any time. Gans is a very hard worker, and he is taking two pounds. Keefe says Jimmy boxing with Tommy Burns, when the latter was training for his fight with Squires, and that one look was enough to convince him that Gans may have a much harder time with Jimmy than he did with either Britt or Nelson. This is probably true, when local sports will put up any amount that Jimmy can beat either Britt or Nelson.

GOOD PRELIM ASSURED.

Kid Webster and "Bubbles" Robinson are practically assured for the preliminary for the Gans-Burns fight. Webster, who has been at Murietta Springs for some days, has telephoned Manager McCarey that he would fight Bubbles at 125 pounds, and the latter stated yesterday that he would fight Webster at 125 pounds. Last time they fought at catch weights, Webster being about 115 and Robinson about 125 pounds.

GANS IS GAME.

WOULD FIGHT IT OUT. (BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, Sept. 12.—(Exclusive Dispatch.) Before leaving for Los Angeles, yesterday afternoon, to go to training for his fight with Jimmy Burns, September 27, Joe Gans gave out the following signed statement: "No one was more sorry than I was that my fight with Jimmy Britt ended in such an unsatisfactory manner. I do not know whether Britt broke his arm, but it seems to me that while he was as strong as he claims he was, he could have gone on fighting until he was beaten. If I had been in his place, I would rather have been knocked out than give up as he did."

YOUNG ATHLETES.

TEAMS READY FOR THE TEST.

PLAYGROUNDS BOYS AND GIRLS AFTER 'TIMES' TROPHY.

Nearly a Hundred Boys and Fifty Girls Are to Take Part in Contests. Effort Being Made to Show Collective Strength of Teams in Several Events.

Final preparations for the playground athletic competition were made yesterday afternoon at the Violet-street grounds, and this afternoon the teams from the four rival recreation parks will do their best to win "The Times" cup. The boys from the Violet street, Echo Park and New Macy grounds all held their last practice at the Violet-street grounds yesterday, and the Utah-street lads did their sack running and basketball passing on their own grounds for the last time before the big contest. The visiting teams practiced passing the basketball, running in sacks, and in three-legged races, as well as in the good old way, and thoroughly familiarized themselves with the grounds on which they are to compete this afternoon. Oliver W. Best of the Echo Park, F. Beal of the New Macy, and W. C. McLeiland of the Violet-street grounds, were on hand to put the boys through the touches to the work of the "kids."

The basketball girls and over-head passing teams held a final practice at the Echo Park grounds, under the guidance of Miss Grace Gilbert, who is in charge of the playground work among the girls.

"The first event will begin promptly at 2 o'clock this afternoon, when the girls' basketball teams from the Violet-street, Echo Park and New Macy will contest for the championship pennant. The players, and also the members of other girls' teams, will be attired in uniforms made by the girls themselves. More than fifty of the girls will be on the grounds this afternoon wearing the suit of blouses prescribed by the

playgrounds' instructors for athletic work.

Four teams of five boys each will contest in the potato relay. This unique contest will be decided by putting potatoes in boxes at regular intervals, and requiring each runner to take a potato from one box to the other before the next boy may start with one of the vegetables.

Other contests to be held this afternoon are: The three-legged race, basketball, sack race for girls, 50-yard dash, basketball pass between legs for boys, flag relay race for girls, relay race for boys, sack relay race, and boundary ball game for girls. Teams participating range from a membership of from five to fifteen, and over twenty children from each playground will have a share in the contests.

The games this afternoon will close the summer work of the municipality in the city playgrounds. The work has been under the direction of "Stub" Raitt, a former Stanford football player, and five assistants. During the summer, Raitt visited Chicago, New York and other Eastern cities, investigating playground work, and has many ambitious plans for the local grounds, when the city is able to supply more money. During the coming winter \$40,000 is to be expended, possibly \$25,000 more.

STATE VARIETY TO PLAY.

First Game Scheduled With San Francisco Barbarians—All Veterans Playing.

SPECIAL CORRESPONDENCE OF THE TIMES. UNIVERSITY OF CALIFORNIA, Sept. 12.—The first variety game will come Saturday with the Barbarians, who defeated the freshmen on Admission Day by a score of 14 to 3. Considerable interest is attached to this game, as every man on the variety played Rugby last year, either on the freshmen or "variety" fifteens, and every one is anxious to see what men of one year's experience can do to a team the members of which have played Rugby since boyhood.

Capt. Tuller has been laid up with a severe cold, but he will be back in his place at the game next Saturday. Jimmie Schaeffer will play his old position at half, while Butler is expected again to hold down the back field. The vacancies at five-eighths and three-quarters, caused by the absence of Whitman and Stanton, probably will be filled by Webster and Johns, of the 1935 freshmen team, although Paul Barnicot, Martin and several others are giving them a hard run for the positions. Dyer of the '36 variety will play the other three-quarters.

The scrum will form practically as it did last season. Fairbanks, who alternated with Stone, will play the scrum position. The other scrum men will be: Carl, Freeman, Farmer, Twitwell, Rudelman, Haffey and Bell.

Walter Christie will be back next week and from that time on, full track work will boom although it has been making steady progress in his absence. The first cross-country run was held this evening, and about twenty candidates for the distances turned out. A track meet has been arranged for the freshmen with the Berkeley High, for the latter part of October.

The Vancouver football team, which made such a favorable impression on its southern trip, last year, will meet the "variety" on California Field, October 23 and 25.

CADDY STRIKE STILL ON.

Club Carrying Kids Still Refuse to Work or Allow Other Boys at the Country Club.

The little caddy kids out at the Los Angeles Country Club are still on strike, and this is one of the reasons there is little or no golf being played on the local course. These kids live on Pico Heights and while refusing to work themselves, have adopted the usual union labor tactics of intimidation and have scared all the other possible boys of Pico Heights from becoming caddies. Rather than risk a beating, the other boys stay away.

It is said that many of these caddies make from \$15 to \$20 and even more each month and this money has certainly come in very nicely for the boys and their families. The club members look upon the kid strike as a good joke on themselves and give it no consideration. They could easily break the strike by bringing boys from other parts of the city, but as the golfing season is very quiet now, no one cares but the boy that has been accustomed to picking up a little easy money. The course is very dry and hard and no one will be anxious to play golf for a month or more, but when the season begins again, there will be plenty of boys brought to the club. The work is very light and the strike is evidently a case of no help, able and no help. After school begins there will be a worse shortage of kids.

STATE FAIR RACES.

Nepi Captures Rich Stanford Stake in Very Good Time from Fair Field of Nags.

(BY THE ASSOCIATED PRESS—P.M.) SACRAMENTO, Sept. 12.—Results: Trotting, 2:30 class, purse \$2000, mile heats, three in five. Box Betta was won. Dredge second, Fresno Girl third, Golden Nut fourth; time 2:13, 2:14, 2:16.

Trotting, Stanford Stake, value \$1415, mile heats, three in five. Box Betta was won. Dredge second, Fresno Girl third, Lady H, fourth; time 2:19, 2:20, 2:21.

Mile heats on road, two in three: Briarwood won, Economiser second, Instructor third, Kruger fourth; time 2:22, 2:23.

Fourth race, seven furlongs, selling: Joe Goss won, Lasselle second, Box Elder third; time 1:27.

SHEPHEARD BAY, Sept. 12.—Results:

Handicap, six and a half furlongs, Don Enrieke third; time 1:09.

Mile: Running Account won, Don Enrieke second, 1:04 time 1:05.

The Golden Rod, six and a half furlongs: Johnnie Blake won, Castledown second, The Squire third; time 1:20 1/2.

The Autumn Handicap, mile and eighth: Brookdale Nymph won, Dandelion second, Old Honesty third; time 1:22 1/2.

Fourth race, seven furlongs, selling: Joe Goss won, Lasselle second, Box Elder third; time 1:27.

Bookmaker Rose Arrives.

George Rose, the big bookmaker and part owner of Ascot Park, arrived here last night from the East, and will confer today with Lucky Baldwin and Barney Schreiber on the local racing situation. Jack Atkins, bookmaker and confidant of Rose, has been furnishing all the local press agent stuff about the proposed Arcadia track, and he will probably be in the conference of bookmakers that is scheduled to be held today.

Hempel Due Today.

Walter Hempel, football coach at St. Vincent's, is expected home today from his hunting trip to Bear Valley. Hempel will get the St. Vincent's platoon chasers on the field on Thursday of next week for the first practice.

UMPIRES DO IT.

SHADY RULINGS HELP SEALS.

Joy Wins Another Game With Umpire's Help.

Holds Looos Down to Four Scattered Hits.

Spencer Comes to Life and Is the Whole Show

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, Sept. 12.—(Exclusive Dispatch.) Barring one spot that threatened for a few minutes to be fatal, Barney Joy sent away with his game at Recreation Park this afternoon, 3 to 2. The Seals had double the hits that were made by the Angels, but the behavior of the Honolulan and the fifth inning, when he walked four men and didn't seem able to come within shooting distance of the plate, was enough to give the most enthusiastic fan a bad case of the frights.

Cravath's single nearly broke up things, but a pretty throw to the plate and a close decision that favored the Seals stopped the visitors when they had two runs to their credit. With the remembrance of that inning ringing in his ears, Joy settled down and did himself justice for the balance of the time.

It started very much like a game to which the Seals had a foregone right. Spencer, who took the place of Hildebrand, who injured his hand, opened with a two-bagger to right and stole third base. Piper sent the ball too high in the air, but Zelder shot it straight through to center, scoring Spencer. Irwin walked and with another man down, Randolph showed a glimpse of wildness. He passed Williams and Street in rapid succession and forced in the second run.

The saying tally was scored by Spencer in the second inning. Joy singled as a starter and Spencer beat out a walk. Piper placed the leather down toward third for a sacrifice but beat it to the bag. With the bases full, Zelder forced Joy but Irwin worked the squeeze play and the San Francisco left fielder was over the plate. There was trouble in the fifth. Joy commenced well but made a bad finish. He let the "Happy" Hogan, but walked Randolph. Bernard hit a long fly to right that Melchior picked almost off the fence, and Dillon and Carlini were out. The Seals were in that erratic Ray was hanging out.

The Comanche-like yells were too much for Joy. He lost his equilibrium and passed Cravath, which meant a run. He was for passing Brashaw, but the latter took a bite at the sphere and it went to center. Carlini scored, but it was a close decision, but the umpire ruled it an out.

What appears to be a careful estimate puts the amount of money paid into the theaters of Great Britain last year at \$38,000,000. That is very nearly \$1 for every person in the kingdom. If the residents of the United States, who outnumber their British cousins two to one, spent as much on the average to see plays, the theaters here collect

[illegible]

A dark, vertical, textured strip, possibly a book binding or a piece of fabric, with a lighter, textured background. The strip has a fine, vertical ribbed texture and runs down the center of the image. The background is a light gray, mottled surface with some darker spots and a slightly grainy texture.

Children's nice soft wool garments for cool weather wear, high neck and long sleeves. Each \$1.00.
25c School Stockings 15c Pair
Stockings of a new class; a variety for both hard and good looks. Knit with double leg and sole; strong, elastic, 1x1 or 2x2 ribbed, all sizes. It's a stocking that duplicate under 25c a pair. Today a pair .15c.

GRANITE MEN JAR STRIKERS.
Employers Link Themselves for the Open Shop.
Tire of Crooking Necks to the Totemite Yoke.
Many Free Workmen Drawn by High Wages Here.
Another important enrollment was made under the industrial freedom banner last night, when the Granite Manufacturers' and Dealers' Association made a declaration of independence against the unions of granite cutters and polishers, who have been on strike for several weeks. The employers, numbering all the leading firms engaged in that industry in Southern California, declared unqualifiedly for the open shop and announced that they would have no dealings with the labor organizations that have attempted to dictate terms of employment. The employers joined the Merchants' and Manufacturers' Association, and were assured of the active support of that body in the fight against totemite oppression.

WALLS CRASH WITH ROAR.
Grain Elevator Collapses and Avalanche of Barley Covers Streets.
The structure was built many years ago and was in a dilapidated condition, workmen having had to prop up the walls frequently. It had been leased to Harvey Mourning, who had stored an immense amount of barley there. Though many of the sacks burst open on striking the ground, it is not thought the damage to the grain will be great.

Justice H. A. Pierce.
under investigation by the grand jury—and glad of it. He says he is making a profit out of the county and intends to keep on doing it.
commonwealth as a justice factory. The justice has a long lease on the New High-street premises used for his court. He pays a very low rent, but charges the county \$15 a month for the use of the premises.
The grand jury has begun an investigation into this system and will pass upon the propriety of the justice pocketing the difference between the money he pays as rent and the amount he charges the county as rent.
There is no concealment of the facts. The old justice says that everybody that wants to know that he is making money renting his courtroom to the county and that he intends to keep on doing so.

GRANITE MEN JAR STRIKERS.
Employers Link Themselves for the Open Shop.
Tire of Crooking Necks to the Totemite Yoke.
Many Free Workmen Drawn by High Wages Here.
The meeting of the Granite Manufacturers' and Dealers' Association was held at the offices of the Lane Bros. Granite Company, No. 319 South Main street, and was attended by representatives of more than a dozen granite firms of Los Angeles and Southern California.
There was a brief discussion of the situation in the trade, following the strike of granite cutters and polishers several weeks ago. Every firm reported that its business was progressing most favorably. There was no weakening in the determination, made at the outset of the trouble, to have no dealings with the unions.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

TRIUMPH. RACKET WIELDER IS HOME AGAIN.

WORLD'S CHAMPION HAS TRUNK
FULL OF TROPHIES.

Warmly Welcomed by Friends.
Says She Had Fine Trip, but Prefers Pasadena to Any Other Spot.
Movement to Have School Children Physically Examined.

PARADISE, Sept. 14.—(Welcome) heartily by her family and friends, Miss May Sutton, "woman tennis champion of the world," arrived here last evening at 5:30 o'clock. She was escorted to her home, by her brother and then began an informal reception which lasted for hours. Friends flocked to congratulate her and to see her many trophies. She has been gone since last April and during that time has taken all the first prizes offered to women in the Eastern States, Canada and England.

Before leaving the United States Miss Sutton won the indoor championship in New York. After crossing the ocean she entered the Leicester tournament. It had rained for three weeks before the tournament and kept on raining during the week of play and the finals of this tournament had to be abandoned.

After the Leicester tournament Miss Sutton entered the Lancashire tournament and again she was crowned by wet courts. She met Miss Sturges, a player of first rank and was beaten on a turf court, although she won all her matches on the shale courts.

Miss Sutton next appeared at Bournemouth and captured the championship of Kent from Mrs. James. After this she won the Wimbledon championship and took all the honors in the Welsh tournament, winning the Marquis of Bute cup for the third time. It is now her property.

After her return to the United States, Miss Sutton took a trip to Canada, and at Niagara on the Lake, easily defeated Miss Welch, the Canadian women's champion. She then went to Cincinnati, and defeated Miss Kinsley in the finals.

Miss Sutton said last night, "I have had a splendid trip, but you can say for me that there is no place like Pasadena. I am glad to be here again."

FOR PUPILS' HEALTH.

Many physicians are enthusiastically working for the appointment of an inspector of health for the public schools. This proposition was made last year to the school board and others were made to undertake the work without cost to the city. The idea is to examine pupils at the public schools without cost to their parents and also to investigate every case of absence from school on account of sickness. The local medical society is willing to pay a competent physician to do the work, although the school board has enough money this year to defray the expenses.

At the recent school hygiene conference in Los Angeles, where representatives from California and other states have passed laws providing for medical examination of school children. Another point discussed at this conference was the prevalence of pulmonary trouble among teachers.

WANT BETTER TRAIL.

At the meeting of the Board of Trustees of Sierra Madre last night steps were taken to improve the trail to the top of Mt. Wilson. The trustees will bring the matter before the Board of Supervisors, and if approved, the mission. It is not generally known that the Mt. Wilson trail from Sierra Madre is a public highway. It has been in public use for thirty years, but has been maintained by private funds. It is hoped that the Highway Commission will include this trail in the good roads program. Persons owning property along the trail are willing to give the county all the land it needs for a good road.

PARADISE NEWS NOTES.

Somewhere between the Fraternal Brotherhood Hall and the Sunset Telephone Company's office, Miss Alice Graves lost a gold watch, with a Fraternal Brotherhood emblem on the fob. Costable W. C. Austin yesterday arrested and brought back to the city the watch. The owner, Miss Graves, is now looking for the watch. The watch was found by a man named John Henry, one of his employees on the toe of his shoe. The boy swore to a complaint, but after due investigation Judge Klamroth concluded that Gould had sufficient provocation.

At the conclusion of a two days' hearing on the charges of obtaining money under false pretenses from E. H. Mital and Company, Charles A. Duesler was discharged yesterday by Judge Robert W. Conrad.

Next Sunday religious services will be held for the first time in the chapel of the new Presbyterian Church at Coliseum avenue and West Colorado street. Rev. T. C. Beatty, assistant pastor, will officiate. For several Sunday services have been held in the basement of the church, but the chapel can now be used, although some work yet remains to be done in it.

At the Universalist Church on Sunday Rev. S. G. Dunham will preach on the topic: "Do We Need a New Gospel for Modern Society?" During the summer a new heating plant has been installed in the church.

Wadsworth sells paints.
Helps for wall paper and paints.
Photo supplies. Morris-Thurston Co.
Dr. Up de Graff, returned. Eye, ear, nose and throat. Dodworth Block.
Bungalows and villas at Venice.

LOWELL.

LOWELL, Sept. 12.—The Lowell school opened last Monday with a good attendance.

A temporary building has been erected on Stephen Smith's place and a five-horse-power engine and machinery will be installed to handle the season's walnut crop.

O. L. Reese has planted the first cabbage of the season.

SOCIAL NOTES.

Miss Mary Kinsley spent last week in Los Angeles.
Mrs. Althouse is entertaining friends from Los Angeles.
Mr. Gregory and daughter, Marion, spent Monday in Los Angeles.
Mrs. Cyrus Jackson is entertaining her sister from Covina.
An interesting musical was given by the class of Miss Alice Henderson at the residence of Mr. and Mrs. D. V. Budge, Orange avenue.
The programme consisted of fifteen numbers, all of which were beautifully rendered. After the programme the forty-five guests present partook of a delicious feast.

WILL INVESTIGATE.

Committee of Prominent South Pasadena Citizens Wanted to Look Into Things.

SOUTH PASADENA, Sept. 12.—R. W. Fries, president of the City Council, has appointed the following gentlemen as a committee of fifteen, to investigate all matters relating to the interests and progress of South Pasadena: C. B. Booth, L. E. Parsons, E. H. Rust, John H. Jacobs, E. H. Lockwood, J. A. Walls, W. A. Gillette, H. E. Thomas, John Sharp, M. E. Keith, D. C. Foster, E. M. Wadsworth, E. D. List, William D. Jones, W. J. Johnson.

The appointment of this committee is the outgrowth of the recommendations of a late meeting held to investigate the fire, sewer and water questions. Radical recommendations are expected to follow the investigation.

FREE DELIVERY.

Postoffice Inspector Hall, who has in charge the matter of establishing free delivery in South Pasadena, was in town a few days ago and after examining the conditions here he reported to the department in favor of the immediate establishment of the system. The boundaries of the district will be nearly co-extensive with the city boundaries. It is expected that the new plan will be in working order in about sixty days.

Postmaster Stephens will be in charge of the office, which is to be operated as the South Pasadena branch of the Los Angeles postoffice. Mail will be addressed as now to South Pasadena.

HONOR NEW PASTOR.

Last evening the congregation of the Calvary Presbyterian Church, gave a reception to Rev. C. M. Fisher, who has lately been installed as pastor, at the home of J. S. Dodge, on Monterey Road. The occasion was a most successful one, and the church was filled with representatives of all the churches in the city. Rev. Beatty, pastor of the Calvary Church, Rev. G. W. Coultas, Methodist, and Rev. John Woodbury, Episcopalian, all gave addresses of commendation to the new pastor.

Music was furnished by the choir of the congregation and the new building. Music was furnished by the choir of the congregation and the new building. Music was furnished by the choir of the congregation and the new building.

SOCIAL NOTES.

Mr. and Mrs. R. D. List of Pasadena, gave an entertainment to their daughter, Miss Augusta, who will soon depart for Wellesley College, to complete her education.

Mr. and Mrs. Fries left this evening on a visit to the East.

VENICE VILLAS ARE CONVENIENT.

VENICE, Sept. 12.—Venice villas are convenient.

HAPPY REUNION.

Glendale Teacher Enjoys Picnic With Some Noted Men of Early Los Angeles High School Class.

GLENDAL, Sept. 12.—Mrs. Mary Ogden Ryan, principal of Glendale grammar school, attended on Monday the annual picnic of the class of '85 (Los Angeles High School), in Westlake Park. Among the letters from absent members was one from a former teacher, Miss Ellen Packard, who remarked on the fact that two of the class members occupy high offices in the city, those of Mayor and City Attorney. Members of the class were in part, the present Mayor, A. C. Harmer, Mrs. Harmer, Leslie B. Hies in Maine, and others. The picnic was a most successful one, and the class members enjoyed the day very much.

HOME AGAIN.

After nearly a year's absence, Mrs. I. C. Sherer returned on Wednesday from a long visit with relatives in Maine, and with friends in Pennsylvania and Illinois, to find her home and the spacious grounds and driveway about beautiful "Bonsai" estate, which she had purchased and her husband a full-fledged editor on the staff of the Glendale News. Her descriptions of last winter in Maine seemed like "snow-drifts," with all the sunshine left out.

VENICE VILLAS, REASONABLE PRICES.

VENICE, Sept. 12.—Venice villas, reasonable prices.

GOOD FOR RANCHERS.

Diversified Crops Yield Rich Returns to Tillers of the Soil in Pomona Section.

POMONA, Sept. 12.—Ranchers in this locality are enjoying good crops and abundant prosperity. Many acres planted to melons, potatoes, tomatoes and vegetables are bringing the owners handsome returns, this sort of farming having been engaged in more extensively than ever this season. The canneries are using hundreds of tons of money under false pretenses from E. H. Mital and Company, Charles A. Duesler was discharged yesterday by Judge Robert W. Conrad.

POMONA BRIEFS.

F. K. Adams, formerly manager of the Pomona Fruit Growers' Exchange is now secretary of the California Canners' Association, which has large holdings near Oxnard.

Miss Fick, daughter of Mr. and Mrs. Bertram Fick, of San Francisco avenue, will be married to Clinton W. Afterbaugh in this city on Wednesday the 19th inst.

Miss Marion Leach, who was recently graduated with high honors from the Nurses' Training School of the Pacific Hospital, Los Angeles, is visiting her aunt, Mrs. H. G. Tinsley.

The new addition to the Christian Church at Coliseum avenue and West Colorado street, will be dedicated on Sunday, Sept. 18, at 10 o'clock.

Miss Barbara Greenwood, supervising principal of the Pomona public kindergarten, is home from her summer vacation.

MONROVIA.

MONROVIA, Sept. 13.—Under instructions from the Board of Trustees, City Marshal J. F. Miller is serving notice on real property owners that their premises must be cleared of weeds. The authorities are in earnest in their endeavor to improve the appearance of the municipality and are heartily seconded by the Board of Trade.

Peter Ahern, a middle-aged man, who is suffering from tuberculosis, was taken to the County Hospital today by City Marshal Miller. Ahern, who for several years had been teaching in Alaska, came to Monrovia ten days ago and established a small camp north of Pottenger Sanatorium. He was found helpless and alone yesterday by Ranger Sevier, who reported the case to the Marshal.

PROPER CUT.

WILL RECLAIM
FERTILE LAND.

CAPT. FRIES SUBMITS PLAN TO
LONG BEACH MEN.

Improvement Association Adopts Scheme to Divert Storm Waters of San Gabriel River Through Channel to Inner Harbor—Propose Great Ocean Pier.

LONG BEACH, Sept. 12.—Capt. Amos A. Fries, United States Engineer, has solved the reclamation problem which has been confronting property owners of Northwest Long Beach and members of the Greater Long Beach Improvement Association.

Recently the association presented a plan to the Board of County Supervisors which was turned down upon complaint of Capt. Fries and of the city of Wilmington. This fact induced the local promoters, who would reclaim a large area of fertile land which is annually inundated, to call upon Capt. Fries for assistance, referring their plan to him.

Last night Capt. Fries met with thirty members of the association and outlined two plans, one of which was adopted for a vote on the proposition of the vast amount of storm water which each year overflows the banks of the San Gabriel River.

The most favorable of the two plans is one that provides for discharging the water through a made channel into the harbor, and the other, which is a more expensive one, is to construct a series of dams, and divert the water through a series of canals into the harbor. The velocity of the water through the six and one-half mile channel would be reduced to three or four miles per hour.

The plan would be to construct a series of dams, and divert the water through a series of canals into the harbor. The velocity of the water through the six and one-half mile channel would be reduced to three or four miles per hour.

The plan would be to construct a series of dams, and divert the water through a series of canals into the harbor. The velocity of the water through the six and one-half mile channel would be reduced to three or four miles per hour.

FOR NEW PIER.

There is a proposition on foot to construct a new pier at the foot of American avenue and connect it with the Pine-avenue pier, two blocks distant, by a wide horseshoe sweep. W. L. Porterfield, a local fisherman, has offered to donate \$25,000 toward the carrying out of the plan. The erection of this pier would facilitate the movement of American vessels to the sea, undertaken by the Trustees some time since.

ANNEXATION QUESTION.

A petition will be presented at the meeting of the board of City Trustees Tuesday afternoon, asking that an election be held on the question of the annexation of a strip of territory extending east of the present city limits to the city of Long Beach. The territory in question is a strip of land owned by the Trustees some time since.

DON'T WANT TO PAY.

The Pacific Electric Railway Company has protested against paying for the railroad improvement in Long Beach. The railroad improvement in Long Beach is a project which has been looked upon by outsiders for a century as a Huguenot city. There were never many Huguenots, and they have never been able to claim numerical superiority. The project has been looked upon by outsiders for a century as a Huguenot city.

LONG BEACH NOTES.

The coming season is going to be a wet one, according to Capt. Billy Graves, a well-known local fisherman. He has forecasted upon the large flights of ducks noticeable recently. He says that more ducks are flying inland this year, and earlier than he has noticed for many years before. The ducks fly inland to lowlands destined to become flooded and storm water during a rainy winter.

Work was commenced today on a spur track from the Salt Lake main line to the site of the proposed hotel on the Craig Shipbuilding Company on the inner harbor. Thirty days will see the hotel building under way.

At a meeting of the Signal Hill Hotel, a local real estate operator, fell last night while descending a flight of steps in front of the hotel. The fall was not serious, but the man was suffering from concussion of the brain. Late today his condition was still critical.

Clarence Owens and Capt. Al Robbins of the Mayetta local fishermen, have broken all records for catches of the Imperial Investment Company.

It begins to look as though the Pacific Electric will compromise with the city in the matter of the percentage payment on the first street franchise purchase. The franchise calls for 2 per cent. of gross receipts. The Pacific Electric agreed to pay 1 per cent. and the city refused to consider the offer.

The Trustees have decided upon the appointment of Harry Handollar and V. Foster as members of the committee to investigate municipal ownership of the city's water plant. The first step will be to conduct a public hearing on the matter.

Mrs. A. V. Annabell of West Long Beach was arrested this morning on complaint of a neighbor, C. R. Radcliffe, who charges her with disturbing the peace. The woman demanded a jury trial, which was set for Tuesday of next week.

All the right of way between Los Angeles and Wilmington has now been secured by Oakley brothers of Long Beach. The right of way is now being cleared up with a four-track railway to the harbor front.

The last strip, extending from the Wilmington city limits to the Dominguez ranch, cost \$20,000.

SANTA MONICA.

SANTA MONICA, Sept. 12.—The fixtures for the new postoffice building have arrived, and this morning the contractor began the work of putting them in place. In a few days the building will be ready for occupancy.

A new system is to be inaugurated at the High School. In the past the textbooks have been sold by the principal, but this year they will be handled by the pupils themselves, and will be sold at Los Angeles retail prices. The profits will be used to swell the fund for athletics.

ORPHANS AT SEASHORE.

VENICE, Sept. 12.—This is a happy day for 120 orphans of the Los Angeles Orphan Asylum, who were the guests of the Crescent Bay Women's Club, of this city, and of the city of Venice.

TROPICO.

TROPICO, Sept. 12.—Hon. W. C. Richardson, 54 years old, has entertained a number of friends at his home in a few days ago. He fell from a ladder which he had climbed to assist his attendant in trimming the property of the house.

The harbor front. The last strip, extending from the Wilmington city limits to the Dominguez ranch, cost \$20,000.

Orphan Asylum, who were the guests of the Crescent Bay Women's Club, of this city, and of the city of Venice.

After a luncheon at the Auditorium, at which the prominent women of the city were present, the orphans were taken to the amusement centers of this resort were thrown open to the children. Late in the afternoon they returned to the city, happy in mind but somewhat tired in body.

Mrs. F. W. Adams of Denver and Mrs. E. Schoeneman and son are visitors here.

Mrs. F. W. Adams and Miss J. Macdonald are occupying the new apartments at the Hotel St. Marks.

Mrs. H. L. Bentley of Meridian, Miss Joseph Thelma and family, and Mr. and Mrs. Dumas of Phoenix, Ariz., will leave for their homes tomorrow.

For eight years both families have spent their summers on this bay.

Tonight the orphans of the Venice bath-house, and the attendance was exceptionally large. Luncheon was served after the swimming hours.

SCHOOL BONDS CARRY.

SOUTH PASADENA, Sept. 12.—At the special election today the bond issue of \$25,000 for a new school building in Lincoln Park, carried by a big margin. The voters of the city cast out of a registration of 446 voters.

THE CITY OF THE HUGUENOTS.

BY FREDERIC J. HASKIN.

CHARLESTON (S. C.) Sept. 11.—In all the broad territory of the United States there is but one church of the Huguenots.

It was in 1675 that the Huguenots, which has been looked upon by outsiders for a century as a Huguenot city. There were never many Huguenots, and they have never been able to claim numerical superiority.

The project has been looked upon by outsiders for a century as a Huguenot city. There were never many Huguenots, and they have never been able to claim numerical superiority.

found laws which forbade the Roman Catholic religion, and the intensely anti-French sentiment of the English made them welcome. The Huguenot immigration ended in 1685, and there were only about 450 of them in all. South Carolina then had perhaps 2500 other European inhabitants. The Huguenot influence was great from the beginning.

They erected a church as early as 1687, having organized their congregation six years before. The successor to that church stands now on the original site, and in the yard about it are buried the bodies of those first French refugees and their descendants. Not all the Huguenot influence in society and politics has come from the Huguenot church, for many of the oldest and most eminent French families were into the more wealthy and influential community of the Church of England and are now identified with the Protestant Episcopal church. In the Episcopal burying grounds in Charleston one sees the names Huguenot, Mayeux, Horry and others of those families which have been identified with the Huguenot to their times and customs.

Be that as it may, one cannot but be impressed by the little Huguenot church. There it has stood for two and a quarter centuries. Elias Prioleau, its first pastor, is represented by his lineal descendants in the church to this day, and he founded the long line of pastors which has reached without interruption to the Rev. Charles S. Vedder, who has now completed forty years service as the leader of that flock.

The church is unique in that a majority of its members live away from Charleston. This is due to the fact that it is the only Huguenot church on this continent and members of French Protestant families all over the nation have desired to keep up their church relations. To do this they have become members of the Charleston church. Some of these absent members are the grandchildren and great-grandchildren of Huguenots who left Charleston years ago. It is characteristic of them that they cling so tenaciously to their traditions.

When the Lords Proprietors gave South Carolina a form of provincial government they were quite liberal for the age. They permitted the colonists to make their own laws, to establish their own orders of nobility, to grant titles of nobility, and to establish the Church of England as the state religion. So it was that South Carolina had an order of nobility, and there were barons, viscounts and landgraves. The amount of land owned was a more important consideration in granting a patent of nobility and a title than was blood and birth, but all noble lines must sometimes begin in common clay.

While there are South Carolinians who trace their families to Landgrave Smith, and the like, everybody knows that Huguenot blood is a proud possession. How few know that there ever was a thing as a South Carolina barony?

Dr. Henry Woodward settled South Carolina by himself and when other French refugees came he obtained them from the friendly Indians to tide them over the first horrible winter when they were reduced to one pint of "damned peas" a day. From Woodward are descended the Haynes, Rhett, Barnwell, Heywards and other families eminent in South Carolina history, but when one reads of the careers of Robert Y. Hayne and R. Barnwell Rhett in Congress, there is no suggestion of the fact that they are the descendants of Huguenots.

These things show how great has been the influence of that small colony of French refugees, whose language and customs have been blotted out among their own circles for more than a century, but whose names are proof of their presence. The Huguenots were a people of great energy and initiative, and their influence has been felt in the history of the South.

Episcopals, Huguenots, Presbyterians, Congregationalists and other denominations have been blended into a people of great energy and initiative, and their influence has been felt in the history of the South.

South of the Tehachepi. PRETTY MISS PRIETO SOON TO BE BRIDE.

WILL FIGHT FOR CLAIMS. RANCHERS ORGANIZE VIGILANCE COMMITTEE TO OPPOSE LAND JUMPERS.

IMPERIAL, Sept. 12.—At a meeting of a number of the best known farmers of this valley held here today, it is proposed to organize a Vigilance Committee to protect the rights of land claimants, now that there is no more land for filing.

Many people are pouring in here seeking claims and some are attempting to take forcible possession of the claims of others. A large portion of the land claimants are typical frontiersmen and have no idea of permitting strangers to run them from their land. They will take summary action and clear the valley of all who are inclined to use force.

The older portions of the valley are not experiencing this trouble, but on the newer outskirts the situation is becoming serious and it is believed the entire valley will rally to the defense of claimants against aggressive jumpers.

ments here. The cement must all be delivered by February 1. The company also announces the early opening of a school of Mechanical Drawing for its employees in this city. The school will be under the most skilled draftsmen in the country. Those entering classes will have the advantage of two hours' free tuition daily.

BUNGALOWS AND VILLAS AT VENICE. TRAGEDY. BURIED ALIVE IN HIS WELL. RANCHER IS SWALLOWED UP BY SUDDEN CAVE-IN.

Engulfed in Quicksands While His Helpless Wife Watches in Agony of Horror; Probably Days Before Unfortunate Man Is Recovered—Dr. McLaren Accepts Call.

RIVERSIDE, Sept. 12.—Richard W. Church, while working in a well on his ranch near the Elgin road on Arlington Heights, was buried alive this morning by a cave-in of the quicksand. The unfortunate man saw the catastrophe coming and started to reach a place of safety. The sand immediately came to settle around his feet, and in his efforts to escape he fell on his face. Instantly the ground for a radius of twenty feet gave way and he was covered with earth to a depth of twenty-two feet.

A pathetic feature was that Mrs. Church, who was standing near, was a spectator of the tragedy, and was helpless to give any assistance as she saw her husband sucked under the mass of sand. She is suffering from the shock of her horror.

Mr. Church had tried to hire workmen to dig the well but no one would attempt it on account of the dangerous character of the soil. He was working on it alone and reached the depth of forty feet when the accident occurred.

A steam hoister will be put to work removing the earth, but covers the man, though it is believed that on account of the difficulties of the work it will take several days to recover the body.

ACCEPTS CALL. Dr. J. H. McLaren, pastor of the Windsor Park Congregational Church of Chicago, has been called to fill the pastorate of the First Congregational Church of Riverside, made vacant by the resignation of Rev. Edward F. Goff. A special meeting of the church society was held last evening, and by unanimous vote the call was tendered.

Dr. McLaren, who is in Chicago, will be communicated with at once and it is expected that a favorable reply will be received within a few days.

RIVERSIDE is enabled to secure Dr. McLaren through the fact that he wishes to return to California, that his wife may be near her father and mother, Mr. and Mrs. Wilson W. Lane, who reside in Pasadena. He is not only an able and successful preacher, but is well known as a lecturer and author. The Riverside church has been without a pastor since Mr. Goff's resignation in June.

HURT BY BLAST. By a premature powder explosion, John Wilbur, road overseer of the Third Supervisorial district, was badly burned about the face and shoulders while working on the Box Springs grade. He was getting out gravel for the roads when he had directed some of his men to put in a blast. A miscalculation of the time it would take for the powder to go off, caused the accident. The physicians state that he will recover and will not be disfigured.

CORONA. CORONA, Sept. 12.—While Brakeman A. C. Shackford was coupling cars near the station, last evening, his hand was crushed. The principal subject considered by the Board of Trade, Tuesday evening, was the proposed extension of the trolley line from Arlington to Corona. Supervisor J. T. Hanmer, M. M. Randall, W. C. Barth and G. R. Freeman will present this matter to the Riverside Chamber of Commerce.

Understanding that the Los Angeles committee having in charge the San Francisco exposition has funds not needed for the northern city, A. C. Wood and T. C. Jamieson, representing the local Board of Trade, are to take steps to secure Corona's pro rata of the cash.

Daniel Lord has sold to William Cowser, for Fred R. Alden and Mrs. Lizzie R. Strange, six acres of unimproved land on Rimpau avenue. The price stated is \$1250.

Venice villas are convenient. Alden Hotel, Corona, first-class rooms.

WHAT FOR? TITLES FREED. RIGHT OF WAY. BIG STRIP OF LAND MAY BE FOR RAILROAD.

Action Taken Which Indicates Electric Line Between Santa Ana and Beach is an Early Possibility. Bonds for Diking River—Testing for Big Dam—News Notes.

SANTA ANA, Sept. 12.—Eleven deeds from trustees, in whose hands the titles have been resting, which were filed today, have set people to talking electric road matters. These eleven deeds lie in four sections on the west side of the Santa Ana River and southeast of Brea, and they mean either that the electric line will pass through the property transferred, or that the Pacific Electric has decided to go either west or east of the property. It is thought by many that the decision has been held back had it been decided to put the line through the four sections in which the deeds property lies.

The indications are that the electric road will switch east of the properties and come into Santa Ana from across the river, which has been held back for the most feasible plan from the passenger traffic standpoint, and also for the purpose of connecting the sugar beet growing district with the sugar beet factory that is to be built in the lowlands below Santa Ana.

The deeds represent some 155 acres in the fifteen and twenty acre tracts. A few months ago the Huntington Beach Company went quietly to work to secure a right of way from Huntington Beach to connect with the Santa Ana line of the Pacific Electric. At that time the property bought was put in the hands of the Abstract and Title Company of Santa Ana. These trustees have now filed deeds to the Huntington Beach Company.

PROTECTION BONDS. The board of directors of the Newbert protection district, which recently voted \$155,000 bonds to control the Santa Ana River from overflow, has decided to submit a transcript of the proceedings to the bond lawyers, Dillon & Hubbard of New York. It is expected that the opinion of these attorneys will be presented to bond buyers, and that the opinion will be used at home to convince men who seem disposed to fight the district in court.

There are a number of ranchers who have fought the proposition to dike the river, and there has been some talk of contesting the legality of the water closure under which the district was formed. These questions will be submitted to the eastern attorneys for a decision.

TESTING FOR DAM. The indications now are that the formation of Scully's Point on the Santa Ana River above Yerba is such that an excellent submerged dam may be built to raise water for the Santa Ana Valley Irrigation Company and the Anaheim Union Water Company. Engineers H. Clay Kellogg has just completed a test with an O'Neil drill, and says that the bedrock is of a sandstone particularly good for holding water. The drill went down forty-eight feet, the last sixteen feet being in bedrock.

Another hole will be drilled on the south side of the river close to the foothills to determine the formation there. At this point the river is 500 feet wide.

NEWS NOTES. A deed having to do with property

stone, Ariz., while Mr. Lillcrap is a native of Evansville, Ind. Mr. Lillcrap is private secretary to Graham Babcock for the Western Salt Company. He and Miss Prieto met for the first time after the arrival here of Dr. Prieto and family, although the courtship has been in progress for some time.

PRETTY MISS PRIETO SOON TO BE BRIDE.

Miss Anna Amanda Prieto, daughter of the Mexican Consul at San Diego, and to become a bride next Thursday.

The MAN With Disease

Should learn—and the sooner the better—that what may seem a trivial case very often has most serious and far-reaching effects. The man who tries to be his own doctor is always the patient that later comes to the specialist with the chronic, stubborn, deep-seated case, which is the hardest kind to cure. I cannot hope that all men will accept my statement that the quickest, the safest and the cheapest way is by consulting an expert specialist in Men's Diseases at once, but the intelligent man will readily be convinced of the value of this advice upon investigation.

I Cure Disease

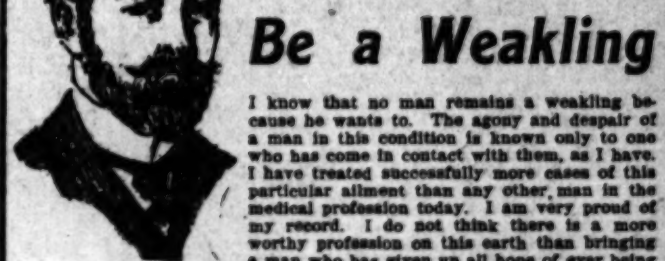

Especially CONTRACTED DISORDERS, CONTAGIOUS BLOOD POISON, PAINFUL SWELLINGS and affections of the BLADDER and PROSTATE. I have my offices fitted with all the necessary equipment and appliances of the most modern design. Acute cases cured in a few days. I recognize all complications immediately, and my patients are cured absolutely and to stay cured.

ALSO CURE VARICOCELE, HYDROCELE, WEAKNESS, STRICTURE, and REFLEX DISORDERS. To prove my confidence in my ability I make this fair proposition:

Pay When You Are Cured CONSULTATION FREE—MY HONEST AND CANDID ADVICE COSTS YOU NOTHING. I cheerfully give you the very best opinion, guided by years of successful practice. Men out of town, in trouble, write if you cannot call, as many cases yield readily to proper home treatment and cure.

MY OFFICES ARE OPEN ALL DAY FROM 9 A. M. TO 9 P. M. AND SUNDAYS FROM 10 TO 1.

DR. TAYLOR & COMPANY 305 1-2 S. Spring St., Cor. Third, Los Angeles, Cal.

DON'T Be a Weakling

I know that no man remains a weakling because he wants to. The agony and despair of a man in this condition is known only to one who has come in contact with them, as I have. I have treated successfully more cases of this particular ailment than any other man in the medical profession today. I am very proud of my record. I do not think there is a more worthy profession on this earth than bringing a man who has given up all hope of ever being a man again to the full power of perfect manhood. Think of the happiness and joy of the man fettered in chains for years when he has them removed, and you have a perfect picture of the feelings of a man who has been raised from a weak, broken-down condition to that of a man with all the vigor and strength of perfect manhood. The pleasure and satisfaction it gives me to do this is beyond imagination.

I Can Cure You

Have you VARICOCELE, NERVOUS DEBILITY, BLOODY POISON, PROSTATITIS, NERVOUS DECLINE, CHRONIC DISEASES OF LIVER, STOMACH, KIDNEY AND BLADDER? I can cure you and make you as well as you ever were in your life. I will tone up your system, cleanse the poison from your blood, bring a healthy color to your cheeks, a brightness to your eyes, so that in from two to five weeks' time you would not know that you ever had a sick day in your life.

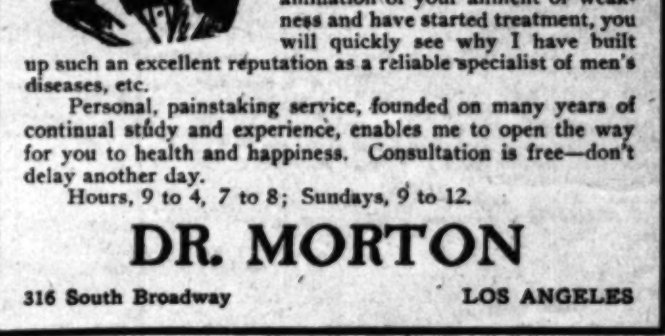

You will say this is promising a good deal. I know it is, but what I have done for thousands of others I most surely can do for you.

A Free Talk for the Asking

It costs you nothing to consult me, and I am confident that after you receive my painstaking examination you will be convinced that I know my business and you will willingly trust your case in my hands. If you cannot call, write.

OFFICE HOURS—9 A. M. TO 4 P. M. EVENINGS 6 TO 8. 452 1/2 South Broadway, Cor. Fifth Los Angeles, Cal.

A Few Minutes Will Decide

I Have Cured Hundreds of Men—I Can Cure You After I have made a complete examination of your ailment or weakness and have started treatment, you will quickly see why I have built up such an excellent reputation as a reliable specialist of men's diseases, etc.

Personal, painstaking service, founded on many years of continual study and experience, enables me to open the way for you to health and happiness. Consultation is free—don't delay another day.

Hours, 9 to 4, 7 to 8; Sundays, 9 to 12.

DR. MORTON

316 South Broadway LOS ANGELES

MY FEE IS \$12.50 TO CURE MEN PAY WHEN CURED

There can be no comparison between the ability of the ordinary physician and that of the trained and scientific specialist. The former, in trying to explore and conquer the whole field of medicine and surgery, becomes proficient in no particular branch. The latter concentrates his efforts on a single class of ailments and masters them. I do not scatter my faculties, but I concentrate them on disease and weakness peculiar to the male. Recently I have treated scores of stubborn cases for some of the best men of San Francisco and vicinity, and not a failure nor an unpleasant result has been reported. What I have done for others I can do for you.

My cure of this disorder is permanent and lasting. No medicine that stimulates temporarily, but thoroughly scientific treatment for the removal of conditions responsible for the functional derangement. "Weakness" is merely a symptom of inaction or congestion of the prostate gland, and under my own original local treatment this gland is promptly returned to its normal state and complete functional activity is the lasting result.

VARICOCELE, CONTRACTED DISORDERS, STRICTURE, PILES and SPECIFIC BLOOD POISON, I TREAT AND NEVER FAIL TO EFFECT A CURE. CONSULTATION FREE.

THE DR. MILES CO. 454 1/2 So. Spring St., Cor. 5th, Los Angeles Hours 9 a.m. to 5 p.m., 7 to 9 p.m., Sunday 10 to 1 only

WE CURE THE CASES OTHERS CANNOT CURE

WE CURE Vital Weakness, Varicocele, Hydrocele, Stricture, Contracted Disorders, Specific Blood Poison, Prostatitis and Skin Diseases.

We have been established in Los Angeles for 15 years. Many of the most prominent business men in town will vouch for our character and ability. Our work is legitimate in every particular. Our immense practice is not due to extensive newspaper advertising and hot air, but to the fact that we give our patients an absolutely reliable cure. OUR FEE IS REASONABLE. YOU CAN PAY WHEN CURED. CONSULTATION FREE. CALL TODAY. If you cannot call, write for literature.

DR. HARRISON & CO. SPECIALISTS FOR MEN ONLY. 202 1/2 SOUTH BROADWAY Corner Broadway and Second Street

LADIES'S

WAA ON RAILROADS.
ONLY TRUCE WITH SOUTH.
Shall States Control Interstate Lines?
Important Questions Gone to Highest Court.
Fundamental Doctrine of State's Rights.
The recent settlement of the disputes between railway companies and the States of Virginia, North Carolina and Alabama is merely a truce, pending a decision by the Supreme Court of the United States of the point at issue, writes the Washington correspondent of the Minneapolis Journal. The precise question, whether a State can exclude a corporation from its limits if that corporation removes a State suit to the Federal court, has never been before the court of last resort, and it is, perhaps, just as well to have it come up now.
The question involves the fundamental of the old-time doctrine of State's rights, and brought before the Supreme Court prior to the Civil War, it might have stirred the country from center to circumference. Now, however, it will be dealt with confidentially, and the States immediately concerned, for the opinion is very general that the decision of the court will be in favor of the superiority of Federal power over the State power, especially as relates to matters affecting commerce.
The decision, when handed down, it is believed by careful observers in this city, will throw a great light on the involved questions which have been raised through the attempts by Legislatures last winter, north and south, to regulate intrastate traffic distinguished from interstate traffic. The effect of the Supreme Court decision, it is predicted here, will be that in all traffic matters the Federal government is supreme, and that intrastate business is so commingled with interstate business as to make it impossible to separate the two.
SAME CASE IN MINNESOTA.
In the three States which have been named, the most conspicuous element of the controversy between the civil authorities and the railway companies is the deep-seated resentment of the use of writs of injunction to nullify State legislation before the Federal courts have been put into effect, and long in advance of a judicial determination of its validity. While this use of the injunction is simply fortified by precedent and is now usually acquiesced in without a murmur, particularly in the Northern States, there is a feeling of very exasperation about it to the mind of the average State's rights Southerner. It is mortifying to State pride in the theory of the country, and the open opposition of the Governors of Virginia, North Carolina and Alabama was quite a thing. The Federal court took the ground that no matter how carefully the State's action may have been considered, as it was in Virginia, or how carefully, as it was in North Carolina, a Federal injunction has the power to destroy the fabric of State law in an instant, with no power of restoration excepting after years of litigation.
Minnesota, which is a typical northern State, just as the other States named are typically southern, has a similar condition confronting it. The Legislature last winter passed a certain railway law, which have been laid before Judge Lochren of the Federal District Court at Minneapolis, with the request that he issue a permanent injunction restraining the State from putting the law into effect. It seems to be the consensus of opinion that when the matter comes before the Federal court, Judge Lochren will grant the injunction, thus nullifying the State law, just as effectively as it was proposed to nullify it in the southern States in question.
GREAT POLICY AT STAKE.
In Minnesota, however, there has been no denunciation of the Federal authority, no insistence on State's rights. The people seem disposed to accept the action of the Federal court and for relief are meanwhile talking about a special session of the Legislature for the purpose of passing certain railway bills, aimed straight at the railways—bills which were shelved during the regular session last winter because they seemed to be extreme.
Yet in Minnesota the issue presents itself in essence that is before the people of Virginia, North Carolina and Alabama—the question of whether, when it comes to the Federal courts, the Federal government is to be supreme, or whether this supremacy is to rest in the sovereignty of the several States. This is the question which the Supreme Court will be called upon to decide, and it is deciding which it will settle forever the traffic policy of the country. A State's rights decision would result in commercial and industrial chaos by preventing Congress from treating the railways as a country as a whole, and would thus act as a perpetual bar to the carrying out of the policy to which President Roosevelt has committed his administration and the Republican party.
STATES LOSE EITHER WAY.
The lines between the States are just as clearly drawn over this issue as they were in the days of Calhoun and Hayne. While Virginia, North Carolina and Alabama have been most in the public eye, because of the spectacular performance of their governors and other State officials, all the South, from Virginia to Texas, is in the position of that which has been taken, and seem determined to assert their control over railway capital invested their limits and to deprive that capital of the protection of the Federal courts. As has been suggested, if in the opinion of Washington that the Supreme Court will not sustain the State's rights position. Were it to do so, the States concerned would pay dear for the victory. Deprived of the protection of the Federal courts, every railway borrowing money in these States would find the interest rate raised to meet the new risk. The railways of the South, Arkansas and Missouri, according to official figures, had outstanding bonds aggregating \$1,025,000,000 in 1905. Three-fourths of these bonds were at 4 and 5 per cent interest, which is the best a southern road can get. The other fourth bear between 3 and 4 per cent. Scarcely one-twentieth of the whole pay between 3 and 4 per cent.
WHOLE COUNTRY INTERESTED.
In the Middle West States, with \$1,400,000,000 of railroad bonds, one-third of the issue pays between 3 and 4 per cent, and another one-third between 4 and 5 per cent. It is said the Middle West States railway pay, on an average, 2 per cent, less a year for their borrowed money than the States of the South.
It is claimed by railroad experts in this city that if the Federal courts are closed to these southern roads, existing bonds will fall, and new bonds can only be issued at 6, 7 or even 8 per cent, in

FAMOUS UNFORTUNATE PLANS HOME FOR FRIENDLESS.
Woman Who Renounced Royalty, Refused Imperial Aid and Became a Domestic, Later Arrested for Vagrancy: Will Devote Small Means to Sisters in Borrow.
(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Sept. 13.—(Exclusive Dispatch.) Countess Caroline O. S. Von Schönlund, once attached to the court of Empress Elizabeth of Austria, but lately living in obscurity in an unpretentious flat in No. 552 White street, Brooklyn, will on Monday open a school to aid friendless women.
The institution, which is being fitted for from her slender means, will be at No. 166 Broadway, Williamsburg, and the Countess intends it shall be self-supporting.
It will be to teach girls and women dressmaking, millinery, cooking and other accomplishments that will enable them to make their own way in the world. The scheme was evolved by the Countess while she was a prisoner in the Raymond street jail in Brooklyn.
Her jail experience came as a climax to several years of hardship. While trying to support herself and her son, Maximilian, now 14 years old, she was found lying in a hallway and arrested as a vagrant. The Countess's father was, years ago, a general on the Austrian army, and for a time was at the head of the War Department of that government.
Her mother was of the Austrian nobility. In 1873, while the Countess was a young woman, her father lost his fortune in the Austrian World's Fair, and did many other wealthy Austrians.

FOR THE LAST SATURDAY HALF HOLIDAY WE ARE GOING TO MAKE THE MORNING BUSINESS "HUM"

65c All Wool Granite Cloth 29c

28-inch width material in the new fall shades of brown and green; 25 pieces to choose from; specially suitable for children's dresses or separate skirts; no mail or phone orders.

PUBLIC SERVICE.

(Continued from Second Page.)

SHE REFUSES TO FORGIVE BLOW.

ONE WOMAN HAS COURAGE TO PUNISH HUSBAND.

Even After He Is Fined for Brutal Conduct, Wife Declines to Smile Upon Him, Though Court Officials Act as Peacemakers—Naughty Watch Makes Trouble.

Indignant at being slapped in the face by her athletic husband, Mrs. J. E. Bloomgrist yesterday refused to forgive him although Justice Austin, Prosecuting Attorney Ford and the court bailiff gave their undivided attention to the peace-making business for ten minutes.

Bloomgrist, recently of Sweden, was arrested on a charge of assault and battery sworn to by his wife. When the officers could not find him, Mrs. Bloomgrist played the part of a detective, captured him and marched him into court. Carrying her baby in her arms she appeared in the Police Court yesterday afternoon and announced her readiness to proceed with the prosecution.

This action came as a surprise to the court in view of the fact that recently a dozen or more women have begged to have their husbands released from similar charges preferred by them.

have you give me what you thought was a good hard wallop." Bloomgrist said he was sorry, and after being thoroughly frightened by the threats of the court as to what would happen if any more athletics were indulged in at his home, he was fined \$25, which he paid.

Then came the effort at diplomacy which failed miserably. Bloomgrist approached his wife and held out his arms. He said something in the Swedish language which sounded like swearing and the bailiff hastened forward. Friends of the woman intervened and said the husband was trying to effect a reconciliation. The woman replied, also in Swedish.

Finally the woman announced in broken English: "Go home and soak your head, you say!" And Bloomgrist, with a despairing glance at the court, left the room. The officials tried for some time to make the woman relent but she said she could not forgive the blow and that all the courts in the country couldn't change her mind.

Heald's Business College

LOCATED IN ALL THE PRINCIPAL CITIES OF CALIFORNIA AND NEVADA. TEACHES BUSINESS, BOOK-KEEPING, STENOGRAPHY, WRITING, ENGINEERING, MATHEMATICS, MODERN LANGUAGES, TELEGRAPHY.

Tuition can be used in any of the Heald schools at pleasure of pupil. Transferable from one city to another if desired.
